

WashWise Rebates

LOTT customers can receive a \$50 rebate on the purchase of a resource-efficient washing machine

 **LOTT**
Clean Water
Alliance

To Receive the Rebate...

- The washing machine must be a model included on the Clothes Washer Qualifying Product List maintained by the Consortium for Energy Efficiency (www.cee1.org).
- The washer must be installed in a home or building that receives LOTT sewer service through the city of Lacey, Olympia, or Tumwater.
- The rebate request must be submitted to the LOTT Clean Water Alliance within one year of the date of purchase.

Follow These Steps...

- Purchase a qualifying resource-efficient washing machine.
- Complete the Rebate Request Form available from the retailer, the LOTT Regional Services Center located at the address below, or the LOTT website at www.lottcleanwater.org.
- Mail the Rebate Request Form with a copy of your sales receipt and a copy of your water utility bill showing your account number to:

LOTT Clean Water Alliance
500 Adams Street NE
Olympia, WA 98501
- The rebate check will be mailed to you within 60 days following verification of eligibility.

Find a Qualifying Machine...

Most front-loading washing machines, and a few select top-loaders, are eligible for the rebate. To verify model eligibility, check the Clothes Washer Qualifying Product List at www.cee1.org or call (360) 664-2333.

WashWise Resource-Efficient Washing Machines

Save Water

WashWise machines use up to 53% less water than standard-efficiency washers.

Reduce Sewer Flows

WashWise machines reduce the volume of wastewater flowing to the sewer system and help delay the need for costly new treatment capacity.

Save Electricity

WashWise machines use up to 40% less electricity than traditional models. With faster spin cycles, they remove more moisture from clothing and shorten drying times, saving energy in the dryer too.

Get Clothes Cleaner

Superior designs get clothes cleaner with less wear and tear. WashWise machines clean clothes gently with tumble action, rather than using a central agitator.

Other Rebates May Apply

Puget Sound Energy occasionally offers rebates for the purchase of energy-efficient clothes washers. PSE customers may be eligible for a rebate through their program. Visit their website, www.pse.com, for details.

A Smarter Way to Wash

Use Less Water

Reduce Wastewater Flows

Get Clothes Cleaner

Save \$50

Save water and reduce wastewater flows

Through the WashWise Program, LOTT customers have conserved over 175,000 gallons of water per day by purchasing water-efficient washing machines – that’s also wastewater that doesn’t go down the drain for treatment.

Here are other ways you can save water and help solve our communities’ wastewater challenges:

- Install high-efficiency toilets; LOTT sewer customers may be eligible for free fixtures.
- Install water-efficient faucet aerators and showerheads; LOTT sewer customers are eligible for free Water Saving Kits that include these water saving devices.
- Fix leaky faucets and toilets.
- Receive WaterSmart rebates to retrofit your business with water-efficient fixtures and equipment.

Call your utility representative for more information about any of these water-saving opportunities:

City of Lacey – (360) 438-2687
City of Olympia – (360) 753-8271
City of Tumwater – (360) 754-4140
