## **LOTT's RV dump station updated hours**

The RV Dump Station at LOTT Clean Water Alliance (LOTT) in downtown Olympia will have additional openings beginning Friday, April 18. The station will be open Friday through Sunday from 8 a.m. to 4 p.m. and on all recognized government holidays. This schedule will remain in effect throughout the summer season.

In March, LOTT began construction to refurbish the digester system at the Budd Inlet Treatment Plant. The work requires the construction crew to transport materials and equipment across Franklin Street into the plant using a large tower crane. For the public's safety, Franklin Street NE between A Avenue NE and Market Street NE will remain closed to vehicular and pedestrian traffic from 6 a.m. Monday through 4:30 p.m. Thursday.

Detour routes with directional signage will be in effect. Please obey all signs and use caution when traveling near this area. Construction will occur in stages over a three-and-a-half-year period. Project completion is anticipated in December 2028.

For more information about LOTT, please visit [www.lottcleanwater.org](http://www.lottcleanwater.org).
