### Visit the WET Science Center in June

LOTT Clean Water Alliance (LOTT) is the regional wastewater utility for the cities of Lacey, Olympia and Tumwater in Thurston County, Washington. At the heart of LOTT's education and outreach program is the WET Science Center. WET stands for Water, Education and Technology. The center offers various programs to educate the community about water and the environment. In July, community members are invited to visit the learning center, attend a plaza pop-up and participate in LOTT's Saturday programs.

### Upcoming Events:

- July 11 – Plaza Pop-Up: Boat Building
- July 12 – Here Be Dragons
- July 19 – Sharkapalooza
- July 25 – Plaza Pop-Up: Boat Building
- July 26 – Extraterrestrial H2O

"We are looking forward to bringing back our summer Plaza Pop-Ups," shared Siri Nelson, LOTT's education program manager. "This month stop by on select Fridays to build boats and test them in the stream."

Event participants will design a boat, learn about giant lizards and sharks, and discover the many places where water exists in space. Programming includes hands-on activities and crafts.

The WET Science Center is open Monday through Saturday, 10 a.m. to 4 p.m. It is free to visit and all are welcome to participate in any of the events or programs. Free parking is available in the visitor lot, to the west of the WET Science Center. There is also metered street parking, which is free on weekends.

Visit [www.wetsciencecenter.org/events-calendar](http://www.wetsciencecenter.org/events-calendar) for a full list of upcoming events.

For more information about the WET Science Center, please visit [www.wetsciencecenter.org](http://www.wetsciencecenter.org). For more information about LOTT, visit [www.lottcleanwater.org](http://www.lottcleanwater.org).
