Visit the WET Science Center in August

LOTT Clean Water Alliance (LOTT) is the regional wastewater utility for the cities of Lacey, Olympia and Tumwater in Thurston County, Washington. At the heart of LOTT's education and outreach program is the WET Science Center. WET stands for Water, Education and Technology. The center offers various programs to educate the community about water and the environment. In August, community members are invited to visit the learning center, attend a plaza pop-up and participate in LOTT's Saturday programs.

Upcoming Events:

- August 2 – Take Flight
- August 8 – Plaza Pop-Up: Bubble Festival
- August 9 – Nature in the City
- August 16 – WET's Birthday Bash + Tour
- August 22 – Plaza Pop-Up: Bubble Festival & Mascots Day
- August 23 – Pond Life Safari

"Our summer Plaza Pop-Ups are back again this month with special guests in late August," shared Siri Nelson, LOTT's education program manager. "Pop on by and join us for fun activities this summer."

Event participants will design airborne crafts, play with bubbles, tour LOTT's green building and wastewater treatment plant, and learn about wetlands. Programming includes hands-on activities and crafts.

The WET Science Center is open Monday through Saturday, 10 a.m. to 4 p.m. It is free to visit and all are welcome to participate. Free parking is available in the visitor lot, to the west of the WET Science Center. There is also metered street parking, which is free on weekends.

Visit www.wetsciencecenter.org/events-calendar for a full list of upcoming events.
